

0.a. Goal

Goal 11. Make cities and human settlements inclusive, safe, resilient and sustainable

0.b. Target

11.b By 2020, significantly increase the number of cities and human settlements that adopt and implement integrated policies and action plans for the inclusion of all and the rational use of resources climate change adaptation and mitigation and disaster resilience, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction (2015-2030), comprehensive management disaster risk at all levels

0.c. Indicator

11.b.1 Number of countries that have adopted and put in place national disaster risk reduction strategies, in line with the Sendai Framework for Disaster Risk Reduction (2015-2030)

0.e. Metadata update

5/1/2020 12:00:00 AM

1.a. Organisation

Ministry of Public Security and Disaster Management (MSPGC)

1.b. Contact person(s)

HABONIMANA Apollinaire

1.c. Contact organisation unit

statistical service of the MSPGC

1.d. Contact person function

SDG focal point at MSPGC

1.e. Contact phone

(+257) 71506879

1.g. Contact email

apollohabo@gmail.com

2.b. Unit of measure

Number

3.a. Data sources

Administrative data

3.b. Data collection method

Data is collected from administrative sources

3.e. Data providers

MSPGC

3.f. Data compilers

The statistical service of the MSPGC

3.g. Institutional mandate

The statistical service of the MSPGC is responsible for compiling the data for the calculation and internal validation of this indicator.

4.a. Rationale

The indicator provides an overview of the implementation of the Sendai framework

4.c. Method of computation

Affirmation or denial of the adoption of the national disaster risk reduction strategy

4.d. Validation

Data from administrative sources are most often validated by the Technical Committee for Statistical Information (CTIS), after internal validation.

5. Data availability and disaggregation

The indicator is available at national level
