

0.a. Goal

Objective 7. Guarantee access for all to reliable, sustainable and modern energy services at an affordable cost

0.b. Target

7.1 By 2030, ensure universal access to affordable, reliable and modern energy services

0.c. Indicator

7.1.5. Electricity sold (GwH)

0.e. Metadata update

5/1/2020 12:00:00 AM

1.a. Organisation

MHEM / REGIDESO

1.b. Contact person(s)

WAKANA Ferdinand

1.c. Contact organisation unit

MHEM statistics and planning department

1.d. Contact person function

SDG focal point at MHEM

1.e. Contact phone

(+257) 79977298

1.f. Contact mail

1156 BUJUMBURA

1.g. Contact email

wakanafer@yahoo.fr

2.a. Definition and concepts

It is the total quantity of electrical energy delivered to customers and billed, whether nationally or outside the country, it is expressed in GWH sold.

2.b. Unit of measure

Giga watt hour (GWH)

3.a. Data sources

REGIDESO, annual report

3.b. Data collection method

Centralized database operation, collection is done daily

3.c. Data collection calendar

every year

3.d. Data release calendar

In 2021

3.e. Data providers

MHEN / REGIDESO

3.f. Data compilers

The compilation of data for the calculation of this indicator is done by the statistics and planning service of the MHEM.

3.g. Institutional mandate

ISTEEBU is the body recognized by the Burundian government for the collection, processing and dissemination, after validation, of official statistics helping in planning and decision-making.

4.a. Rationale

The indicator is relevant because it reflects the quantity of electricity sold

4.b. Comment and limitations

It is interesting to know if all the electricity production is sold and what is the proportion of the revenues coming from this sale.

4.c. Method of computation

Sum of the total amount of electrical energy delivered to customers and billed

4.d. Validation

Data from administrative sources are most often validated by the Technical Committee for Statistical Information (CTIS).

5. Data availability and disaggregation

The indicator is available at national level

6. Comparability/deviation from international standards

The indicator can be compared to other indicators of the same type at regional and international level

7. References and Documentation
