0.c. Indicator

16.9.1 Proportion of children under 5 with a birth certificate

0.e. Metadata update

5/1/2020 12:00:00 AM

1.a. Organisation

ISTEEBU

1.b. Contact person(s)

NDAYISENGA Modest

1.c. Contact organisation unit

Social studies and statistics and poverty monitoring (ESSSP)

1.d. Contact person function

ESSSP department manager

1.e. Contact phone

79401938

1.f. Contact mail

1157 BUJUMBURA

1.g. Contact email

ndayimode2010@gmail.com

2.a. Definition and concepts

This is the percentage of children under 5 with a birth certificate

2.b. Unit of measure

%

3.a. Data sources

Household surveys

3.b. Data collection method

Data are collected from household surveys using the "household" questionnaire

3.c. Data collection calendar

5 years

3.d. Data release calendar

5 years

3.e. Data providers

ISTEEBU

3.f. Data compilers

ISTEEBU is responsible for compiling this indicator at the national level

3.g. Institutional mandate

ISTEEBU is the body recognized by the Burundian government for the collection, processing and dissemination of official statistics helping in planning and decision-making.

4.a. Rationale

This indicator is relevant because it highlights the proportion of people victims of violence during a year.

4.b. Comment and limitations

Updating the indicator requires a household survey which is very resource intensive. The indicator cannot be calculated by gender.

4.c. Method of computation

Ratio of children under 5 with a birth certificate to the total of children under 5, expressed as a percentage

4.d. Validation

The results of the survey are validated at two levels: technical validation and official validation before publication

5. Data availability and disaggregation

The indicator is available at national level, province, Place of residence (National; Girls; Boys; Urban area; Rural area)

6. Comparability/deviation from international standards

The indicator can be compared to other indicators of the same type at regional and international level

7. References and Documentation
