

## ***0.a. Goal***

Goal 17. Strengthen the means of implementing and revitalizing the Global Partnership for Sustainable Development

## ***0.b. Target***

17.6 Strengthen access to science, technology and innovation and North-South and South-South cooperation and triangular regional and international cooperation in these fields and improve the sharing of knowledge according to agreed terms and conditions, common agreement, including through better coordination of existing mechanisms, in particular at the level of United Nations organizations, and within the framework of a global technology facilitation mechanism

## ***0.c. Indicator***

17.6.2 Subscriptions to a fixed broadband Internet connection per 100 inhabitants, by connection speed

## ***0.e. Metadata update***

5/1/2020 12:00:00 AM

## ***1.a. Organisation***

ARCT

## ***1.b. Contact person(s)***

BIGIRIMANA Apollinaire

## ***1.c. Contact organisation unit***

Statistical service

## ***1.d. Contact person function***

SDG focal point within ARCT

## ***1.e. Contact phone***

68500043

## ***1.g. Contact email***

apollinaire.bigr@gmail.com

## ***2.a. Definition and concepts***

Number of subscribers to a fixed broadband internet service per 100 inhabitants

## ***2.b. Unit of measure***

Number per 100 inhabitant

## ***3.a. Data sources***

ARCT, annual report on ICT indicators 2016

## ***3.b. Data collection method***

Administrative data

## ***3.c. Data collection calendar***

annual

## ***3.d. Data release calendar***

annual

## ***3.e. Data providers***

ARCT

## ***3.f. Data compilers***

ARCT is responsible for compiling this indicator

## ***4.a. Rationale***

This indicator is relevant.

## ***4.c. Method of computation***

Number of subscribers to a fixed broadband internet service multiplied by 100, the whole divided by the total population

#### ***4.d. Validation***

annual

#### ***5. Data availability and disaggregation***

Available nationally

#### ***6. Comparability/deviation from international standards***

The indicator can be compared to other indicators of the same type at regional and international level
