

0.a. Goal

Objective 6. Guarantee access for all to sustainably managed water supply and sanitation services

0.b. Target

6.b Support and strengthen the participation of the local population in improving water and sanitation management

0.c. Indicator

6.b.1.Proportion of local governments that have operational policies and procedures in place that encourage the participation of the local population in water and sanitation management

0.e. Metadata update

5/1/2020 12:00:00 AM

1.a. Organisation

REGIDESO

1.b. Contact person(s)

WAKANA Ferdinand

1.c. Contact organisation unit

MHEM statistics and planning department

1.d. Contact person function

SDG focal point at MHEM

1.e. Contact phone

(+257) 79977298

1.f. Contact mail

1156 BUJUMBURA

1.g. Contact email

wakanafer@yahoo.fr

2.a. Definition and concepts

Workforce of local administrations with policies and operational procedures in place encouraging the participation of the local population in water and sanitation management in relation to the total workforce

2.b. Unit of measure

Percentage

3.a. Data sources

Administrative data

3.b. Data collection method

Data is collected daily from the MHEM

3.c. Data collection calendar

every year

3.d. Data release calendar

annually

3.e. Data providers

MHEM / REGIDESO

3.f. Data compilers

The MHEM statistical service is responsible for compiling the data for the calculation of this indicator at the national level.

3.g. Institutional mandate

ISTEEBU is the body recognized by the Burundian government for the collection, processing and dissemination of official statistics helping in planning and decision-making.

4.a. Rationale

The indicator is relevant because it reports on the level of adherence of local administrations to operational policies and procedures encouraging the participation of the local population in water and sanitation management

4.b. Comment and limitations

The increase in this proportion will be conditioned by an increased awareness of local administrations

4.c. Method of computation

Workforce of local administrations that have policies and operational procedures in place to encourage the participation of the local population in water and sanitation management in relation to the total workforce

4.d. Validation

Administrative data are validated by the technical committee for statistical information (CTIS)

5. Data availability and disaggregation

The indicator is available at national level

6. Comparability/deviation from international standards

The indicator can be compared to other indicators of the same type at regional and international level

7. References and Documentation

Annual report of the Ministry of Hydraulics, Energy and Mines (REGIDESO and AHAMR)
