

## ***0.a. Goal***

Goal 16. Promote the emergence of peaceful and inclusive societies for sustainable development, ensure access to justice for all and build, at all levels, effective, accountable and inclusive institutions

## ***0.b. Target***

16.1 Significantly reduce all forms of violence and associated death rates everywhere

## ***0.c. Indicator***

16.1.4 Number of people who consider it safe to walk alone in their area of residence, as a proportion of the total population

## ***1.a. Organisation***

ISTEEBU

## ***1.b. Contact person(s)***

NDAYISENGA Modest

## ***1.c. Contact organisation unit***

ESSSP department manager

## ***1.e. Contact phone***

79401937

## ***1.g. Contact email***

ndayimode2010@gmail.com

## ***2.a. Definition and concepts***

This is the percentage of the population considering that there is no danger in walking alone in their area of residence during the day.

## ***2.b. Unit of measure***

%

### ***3.a. Data sources***

Household surveys

### ***3.b. Data collection method***

Data are collected from household surveys using the "household" questionnaire

### ***3.c. Data collection calendar***

The probable date of the next collection will be 2021

### ***3.d. Data release calendar***

2022

### ***3.e. Data providers***

ISTEEBU

### ***3.f. Data compilers***

ISTEEBU

### ***3.g. Institutional mandate***

ISTEEBU is the central body recognized by the Burundian government for the collection, processing and dissemination of official statistics helping in planning and decision-making.

## ***4.a. Rationale***

The indicator is relevant because it reflects safety

## ***4.b. Comment and limitations***

Updating the indicator requires a household survey which is very resource intensive. The indicator cannot be calculated by gender.

## ***4.c. Method of computation***

Ratio between the population considering that there is no danger in walking alone in their area of residence and the total population, expressed as a percentage

## ***4.d. Validation***

Validation is done at national level

## ***5. Data availability and disaggregation***

Available at national level, gender and Place of residence (National; Male; Female; Urban; Rural)

## ***6. Comparability/deviation from international standards***

The indicator can be compared to other indicators of the same type at regional and international level

## ***7. References and Documentation***

Report of the Survey on Household Living Conditions in Burundi 2013
